**NOTICE OF APPLICATION BY THE SMART METERING ENTITY FOR APPROVAL  
OF A SMART METERING CHARGE**

**– AND –**

**NOTICE OF PROCEEDING TO DETERMINE THE APPROPRIATE RECOVERY AND  
ALLOCATION OF THE SMART METERING CHARGE**

In its role as the Smart Metering Entity (“SME”), the Independent Electricity System Operator (“IESO”) is managing the development of the meter data management/repository (“MDM/R”) to collect, manage, store and retrieve information related to the metering of customers’ use of electricity in Ontario.

**Determination of Smart Metering Charge (“SMC”) – EB-2012-0100**

The IESO, in its capacity as the SME has applied to the Ontario Energy Board (the “Board”) for approval of a SMC of \$0.806 per Residential and General Service <50kW Customer per month which the IESO proposes to collect from all licensed electricity distributors (“Distributors”) for the period July 1, 2012 to December 31, 2017. The SME also seeks approval of revenue adjustment mechanisms to manage fluctuations in costs and number of customers.

The application was filed on March 23, 2012 under subsections 78(2.1), (3.01), (3.0.2) and (3.0.3); Ontario Regulation 453/06 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15 (Schedule B) (the “Act”) and subsection 53.8(8) of the *Electricity Act, 1998*. The Board assigned File No. EB-2012-0100 to this application.

**Determination of Appropriate Allocation and Recovery of SMC – EB-2012-0211**

The SME’s application proposes that once the amount of the SMC is determined, it be spread over the total number of smart meters expected to be deployed in recognition that the MDM/R provides a service that will benefit all end-use smart meter customers across Ontario and helps meet the province’s conservation goals.

The Board has determined that it will hereby commence, pursuant to section 19 of the Act, a proceeding on its own motion to review the options for and ultimately determine the appropriate allocation and recovery of the SMC. The Board has given this proceeding File No. EB-2012-0211.

The Board intends to make a determination of the most appropriate methodology for the allocation and recovery of the SMC and therefore intends to order one or more parties to file evidence once it has determined the scope of the possible allocation and recovery methodologies.

### **Consolidation of Proceedings**

Pursuant to its powers under section 21(5) of the Act the Board hereby combines the hearing of the SME application for the SMC with the Board's proceeding on its own motion to determine the appropriate recovery and allocation of the SMC.

The Board will proceed by way of a written or oral hearing, to be subsequently determined. The Board's decision in both EB-2012-0100 and EB-2012-0211 may have an effect on all ratepayers of the Province.
