Regulated Price Plan Election Form

Please fill out this form if you want to change the Regulated Price Plan (RPP) structure that applies to the Electricity line of your bill. For residential and small business customers that buy electricity from their utility, there are three different types of rates: Time-of-Use (TOU), Ultra-Low Overnight (ULO), and Tiered. The Ontario Energy Board sets rates once a year on November 1.

With TOU and ULO, the price depends on **when** you use electricity. This means you can help manage your electricity costs by shifting your usage to lower price periods when possible.

With Tiered, the price depends on **how much** electricity you use overall in a month.

For more information on Time-of-Use and Tiered Pricing and tools to help you decide which price structure is right for you, please visit [OEB - Electricity Rates](#).
